SHIRLEY KIRK FREED BY JURY

Found Not Guilty This Afternoon
After Jurors Deliberate Hour and
Three-Quarters

CASE IS FINISHED AT NOON

Morning is Devoted to Arguments
by Attorneys on Both Sides in
Perjury Trial

Shirley Kirk, who stood trial for the past several days in the circuit court on a charge of perjury, was found not guilty this afternoon shortly before three o'clock when the jury returned their verdict after deliberating for an hour and three quarters.

The jury went into session at one o'clock following their dinner. The defendant was accused of having given false testimony at the former trial in which he was charged with burglary, and of which crime he was also acquitted by the jury.

The present charge was filed by the prosecutor after the court had thrown out two grand jury indictments, one charging bribery and another for perjury.

The evidence in the case was concluded yesterday afternoon shortly before four o'clock, and each side was allowed two hours apiece for the pleadings. Prosecutor Stevens spoke for an hour yesterday before court adjourned.

This morning C. W. Duncan, chief counsel for the defendant, was the first to speak, and he was followed by Charles Tindall, who also assisted in the case. John A. Tittsworth, assisting the state in the prosecution of the case, spoke last.

All attorneys made fine speeches, each side putting the case before the jury in eloquent addresses. The defense attempted to show the jury that Kirk was innocent of the crime charged, and intimated that those who testified for the state were friends of Caron, and alluded to some of them as being members of Rushville's "underworld."

The defense also placed a plea for sympathy upon the fact that the defendant was an orphan, reared in an orphanage, and from the state of Kentucky. They contended that 34 witnesses had testified as to his reputation since his coming to Rushville.

BOY'S FUNERAL THURSDAY

Services For Willard George, Who
Was Killed in Accident

The funeral services for Willard George, the 11 year old boy who was killed almost instantly yesterday shortly before noon, will be held at the family home of his parents, Mr. and Mrs. William George, south of Milroy, on Thursday afternoon at two o'clock, and burial will be made in East Hill cemetery. The funeral services will be in charge of the Rev. Mr. Cross of Milroy. The boy was riding on a steel roller in a field, when the horse became frightened and ran away, throwing him beneath of the roller, which crushed his entire body, and fractured his skull.

REQUISITES OF LIFE DEPICTED

Dr. V. E. Rorer Tells Graduates Es-
sentials for Attainments in The
"Waiting World"

34 ARE AWARDED DIPLOMAS

Lucile Imlay, Member of Class,
Awarded Thompson Prize—Hon-
ors Obtained This Year

Young men and women will not accomplish anything in the "waiting world" unless they have a strong body, a strong will, enthusiasm for their work, ability to recognize their opportunities, are willing to work and have character, according to Dr. Virgil E. Rorer, pastor of the Meridian Street Methodist church, Indianapolis, who delivered the commencement address to the Rushville high school graduating class Tuesday evening at the Graham Annex auditorium.

The auditorium was almost filled with relatives and friends of the graduates, who regarded the address as one of the best ever heard here, and who enjoyed the program of music provided by the high school orchestra under the direction of Miss Vivian Harris.

The exercises were opened with the invocation by the Rev. Clyde S. Black, pastor of St. Paul's M. E. church, and following a selection by the orchestra, Dr. Rorer spoke. After the class address and another number by the orchestra, A. M. Taylor, principal of the high school, recounted the honors which had come to the high school during the year.

He also announced that Miss Lucile Imlay, member of the graduating class, had been awarded the Thompson prize, a draft for \$25 which was offered by Miss Ola Billman, teacher of domestic science in the high school, in memory of her grandparents, Alfred and Matilda Thompson, sturdy pioneers of Orange township, who, as Mr. Taylor pointed out, "helped make it possible for us to enjoy the benefits which we do today."

The award was based fifty percent

WILLIS H. YORK EXPIRES

Son of Rushville Woman Dies Sud-
denly of Heart Trouble

Word has been received here of the death of Willis H. York of Hamilton, Ohio, which occurred last Saturday afternoon at 4:45 o'clock at the age of 34 years, 9 months and 28 days. The death was sudden, Mr. York having just returned from a trip to Louisville. He was taken sick Friday afternoon about 3 o'clock. Death was caused from gastritis and heart trouble. The deceased was an engineer by occupation and was employed at the plant of the Hamilton Furnace company.

Last Thursday he visited his mother, Mrs. E. A. York of this city and returned home Friday. He is survived by a widow, two children, Mary Frances and Anna Wilma; two sisters; a brother, and his mother living here. The funeral services were held at the late residence yesterday afternoon.

MOTOR CLUB TO AID SPEEDWAY CROWDS

Indianapolis Branch of Hoosier
State Automobile Association
Makes Special Effort

DUE TO THE RACE ON MAY 30

Civic Duty Confronts Every In-
diana Motorist and Makes it
Imperative he Join Organization

A special effort is being made by the Hoosier State Ass'n to see that county and state highways are in at least good passable condition or better, in advance of the influx of automobiles to Indianapolis on the occasion of the annual speedway race May 30th.

As a general proposition it may be said that all state-maintained highways are in splendid traveling condition and in cases where roads are blocked for improvements efforts are being made to have the contractors mark the detour. In cases where it is possible to do so, the Hoosier Motor Club, which is the Indianapolis branch of the state association, is marking detours and routes in and out of Indianapolis.

Limited funds preclude general activity of this plan, however, according to M. E. Noblet. "A civic duty confronts every motorist in Indiana," said he. "If the automobile owner thinks road markings, danger signs and such will just take care of themselves, he is mistaken. We need the active help of every automobile owner. A small membership fee each year from every motorist will provide funds for proper road markings everywhere and a supervision of highways so that motoring will indeed be a pleasure. Mr. Auto Owner, please don't kick if your route isn't marked as you would like to have it—it is strictly up to you and the quicker you come in and help the sooner will we be able to accomplish the many things we are planning for your benefit. Benefits already established include automobile theft laws which will protect your car from the commercial thief. To get this law in operation it will be necessary for every owner to re-register his vehicle, proving title of ownership. This will be done by registrars acting for the secretary of state as soon as the new laws are proclaimed early in June. Another new law which will then be effective requires all detours to be marked all the way around. Another law increases the minimum theft penalty to three years. Still another law requires a road patrol so that chuck holes may be filled quickly and there are many other fine laws obtained at the last session through the persistent efforts

FIGHTING RAGES IN THE HEART OF DUBLIN

Sinn Feiners Capture and Set Fire
to Custom House and General
Disorder Reigns

SEVEN SINN FEINERS KILLED

(By United Press)
Dublin, May 25.—Fighting between Sinn Fein and British forces raged in the heart of Dublin today. The rebels captured and fired the custom house.

General disorder reigned in the center of the city. All business was suspended. The fire department was helpless to fight the flames in the custom house while Sinn Fein and military forces fought around it.

It was officially announced that seven Sinn Feiners were killed, eleven wounded and 111 captured. Many persons were seen to fall during the fight. Six were known to have been killed and there were many wounded, some of them so badly torn by the hand grenade explosions that they can not recover.

The fighting has continued since the raid on the custom house. When the rebels left they were met by detachments of black and ton police who opened fire. Rifles and revolvers were used by the military forces. The rebels replied with their grenades.

19 VETERANS ARE KIWANIS GUESTS

Members of the Local G. A. R. Post
Entertained at Weekly Club
Luncheon Today

DANIEL A. RYAN IS SPEAKER

Declares Opposition to Anyone Com-
ing to This Country And Leaving
Heart Behind

Nineteen veterans of the local G. A. R. post were shown a rousing time by the Kiwanis Club at their noonday luncheon which was served by the Ladies Aid society of the Main Street Christian Church.

The Rev. Daniel Ryan, Morris-town, was the speaker of the occasion. The Rev. Mr. Ryan is one of the veterans himself, and told numerous incidents relating to the life of the soldier at that time.

In part he said: "Back in sixty our country was divided and had two flags. There were many boys in the service that were under the age of sixteen. For every star in the flag there were 2500 men killed. Five thousand men died of diseases, and 6,000 wounded. For every stripe more than \$700,000,000 was other and bringing his stomach with him and leaving his heart in his native land. I do not want that kind of person here. I am glad that I live in the best country in the world. It is more like heaven than any other country. Folks come here from all parts of the world and are glad to come. There is nothing that this country and our nation cannot do. Nothing is impossible in America. We have brains, men, money, women, children and everything that makes for the greatest nation on the face of the earth."

The stunt of the luncheon was pulled off today by Amos Baxter of the I. & C. Traction Company, John C. Humes of Noble township, the winner was presented with a round trip ticket to Indianapolis.

The old battle hymns and anthem of the sixties were sung by the club under the leadership of Omer Trusles and B. F. Miller. Lots of pep and enthusiasm was injected into the meeting by both the club members and the honored guests.

It was figured that the average age of the visiting veterans was 76 years, six months, one week, four days, 23 hours, 43 minutes and 32 seconds.

ENGINEERS TO BE I. & C. GUESTS HERE

Coming From All Parts of Central
Indiana to Inspect Company's
Power Plant

BANQUET ON THE PROGRAM

It is expected that at least one hundred members of the National Association of Stationary Engineers, Indiana division will be the guests in this city Friday evening of S. C. Waggoner and the Indianapolis and Cincinnati Traction Company, when they come here from Indianapolis for the purpose of inspecting the power plant of the traction company in this city.

The men will come here on special cars from Indianapolis, arriving about 5:30 in the evening, and the inspection trip will be made in charge of Mr. Waggoner, chief engineer at the local plant. Following the inspection, a banquet will be served at a local hotel for all of the guests.

Stationary engineers from practically every power plant in central Indiana will be present. Local officials of the I. & C. Traction company are making detailed arrangements to take care of the visitors, and a program including speeches of interest to the men, is being worked out, which will be held in connection with the banquet.

MRS. ALICE KING SUCCEUMS

Dies of Cancer Today at The Age
of Eighty Years

Mrs. Alice King, age 80 years, widow of the late Elisha King, expired this morning about 11 o'clock at her home, 505 North Jackson street, death being caused from cancer. The deceased formerly resided in Circleville, but recently had moved to this city. She had suffered for 20 years from cancer. Mrs. Noah Matlock of Circleville is a step-daughter, and aside from several nieces, there are no nearer relatives living in this county. Mrs. King also is survived by three sisters who live in California.

No funeral arrangements were made today.

REPRESENTATIVES FROM HERE WANTED

Efforts Being Made to Send Large
Delegation to State Sunday School
Convention at Lafayette

TO BE HELD JUNE 14 TO 16

Special Rate of One and One-Half
Fare For Round Trip—Pro-
gram Being Formulated

The state convention of the Indiana Sunday school association will be held in Lafayette, Ind., June 14, 15 and 16. According to plans now being formulated, the program will be the best one that Indiana has ever had. A tentative program for the children's division workers is being prepared and each session has been planned with a definite subject.

The convention will be made up of registered delegates, including pastors, superintendents and other Sunday school officers, teachers and interested pupils from all Protestant Sunday schools of the state.

It is being urged by the officials of the association that every county in the state of Indiana may have a representative in this greatest state convention Indiana has ever held.

All delegates are requested to register. The registration fee of \$1.00 entitles them to the privileges of all sessions, giving them a badge, souvenir program and a reserved seat. All trains will be met and special care will be taken to direct the delegates to the convention headquarters. They are to be assigned to the best homes in Lafayette.

The railroads have granted special rates of one and one-half fare on the certificate plan. All delegates must receive a certificate which will entitle them to buy a round trip ticket for the above fare.

For further information about the convention, the delegates may write to Indiana Sunday school association, Indianapolis, Ind., 823-824, Occidental building.

Sunday school workers in this county are at work trying to have the schools of Rush county represented at this great convention.

FREIGHT RATES COME NEXT

Howard Elliott Indicates That Will
Follow Wage Reduction

(By United Press)
Washington, May 25.—That the move for the reduction of freight move for the reduction of freight reduction in wages of the unskilled labor to be announced by the railroad labor board July 1, was indicated by Howard Elliott, before the senate interstate commerce committee today.

Elliott said there can be no reduction in freight rates "until it is shown that the expenses have been reduced enough to justify such a reduction."

The reduction which will result from the railroad labor cut will total about five million dollars, it was learned here today. This will mean an average cut of 13 percent in the wages of unskilled railroad labor.

9 POUND BOY BORN

A nine pound boy was born Tuesday afternoon to the wife of Albert Land, living south of here.

COOKING SCHOOL TO BE HELD HERE

Domestic Science Experts Will Dem-
onstrate The Art at Princess
Theater Next Week

WILL BE FREE TO ALL WOMEN

School Given Under Auspices of
Princess and Daily Republican,
With Merchants' Co-operation

The women of Rushville and Rush county as well will have a chance to learn a lot about cooking, the scientific kind which is done by expert domestic scientists who have had a wide experience in teaching and who are thoroughly informed in all branches of culinary work and the preparation of food, something that is of vital importance to health comfort and the pleasure of eating.

This will be made possible by the Princess theater's and Daily Republican's free cooking school which will open at the Princess theater next Tuesday, May 31 and will continue for four days, Tuesday, Wednesday, Thursday and Friday. Cooking demonstrations will be made on these days from 2 to 4:30 o'clock in the afternoon and no house wife, or any other women or girl, either for that matter, of the city of Rushville and vicinity should fail to avail herself of this opportunity for high class instructions and demonstrations in the most important branches of housekeeping.

The demonstrations which will be in all sorts of cooking will be made by the Misses Maize Boyd, and Aseneth Denehie and Mrs. Margaret Brown all of whom are from the Indiana headquarters of the Corn Products Refining Company and all of whom are experts in cooking. They will have entire charge of the cooking and will explain the efficiency and advantages of their methods throughout their demonstrations.

Miss Boyd, who is the daughter of Circleville, was a student at Earlham college, was a student at Earlham college in 1912 and 1913 and later finished a course in domestic science with the Thomas Domestic school. Still later she took a course in chemistry and domestic science in Chicago university.

Miss Denehie comes from the state normal at Terre Haute, and

FLOWERS WANTED FOR MEMORIAL DAY

People Are Urged to Leave Them at
Sheriff's Office in Court House
by 9 A. M. Monday

A SHORTAGE IS REPORTED

Persons who expect to give flowers for the decoration of the graves of soldiers at East Hill cemetery Memorial Day, are urged to have them at the sheriff's office in the court house before nine o'clock next Monday morning. It is urgently requested that everyone with flowers send them to the court house, as there is a shortage of flowers this year, due to the fact that early spring flowers bloomed ahead of their usual time and later spring flowers were retarded in their development by the cold weather this month.

The flowers will be made up into bouquets by the War Mothers and W. R. C. and the Mattox Circle ladies of the G. A. R. will prepare wreaths with flags in the center. It is hoped to have one wreath for each grave.

All ex-service men are urged to attend the Memorial Day services Monday morning at 9:30 o'clock in full uniform. Former soldiers who have no uniform are urged to be present even though they will not be dressed in the garb of a soldier.

Attention is also called to the fact that former service men have been requested to wear their Victory Medals. It is likewise urged that Spanish-American war veterans wear the medals which they received.

HE IS WILLING TO DO HIS PART

Thinks Everybody Should Know About Tanlac and Tells How It Benefited Him

"I was in such an awfully weak, run-down condition that life was simply drudgery for me but Tanlac has made me a well and happy man," said Andrew B. Snow, living at 530 South Third St., Terre Haute, Ind.

"For the past five years I suffered terribly with a severe case of stomach trouble and other complications. I had no appetite at all, and what little I did eat seemed to settle in the pit of my stomach and cause me intense pains. I had a bitter taste in my mouth and quite often became so nauseated I could scarcely retain a thing on my stomach. It was impossible for me to get a good night's sleep, and in the morning I was simply tired out. I suffered from rheumatism in my arms, hands and legs, my arms would get so stiff and my hands so numb that I couldn't even harness my horses, and my legs ached so bad that many times I could hardly get on or off my wagon. Last year I had a severe attack of the 'flu' which left me in so much worse condition that I lost all interest in everything.

"When I started taking Tanlac I noticed a considerable improvement in my condition from the very first bottle. I have taken four bottles now and am entirely free from indigestion and never have a sign of pain in my stomach. My appetite is splendid and I've already put on twelve pounds in weight. I sleep like a top every night and get up in the morning feeling refreshed and full of energy. I never feel a trace of rheumatism and I now take interest in my work."—(Advertisement.)

from a roller, to which he was driving a span of young mules, yesterday.

The mules became frightened in making a turn, started to run and Mr. Carman was thrown to the ground, rendered insensible for a few minutes and barely escaped being run over by another team driven by Jewett Hayes, an employee on the farm. Hayes's team, also drawing a roller, took fright when the other team ran. Unable to stop them, Mr. Hayes barely succeeded in guiding them past the prostrate form of Carman.

The lines, however, became entangled in the roller and soon stopped the second team, and Hayes went to the aid of Carman. The first team ran a half mile to the barn.

HEAVY RAIN BADLY WANTED

Farmers and Others Encouraged, but Not For Very Long, Today

Farmers and other persons as well were encouraged when they awoke this morning to find a steady rain falling. But their hopes were soon blasted for the rain did not last long. Thundershowers threatened all day, however, and the weather man also predicted showers for northern and central Indiana by tonight.

The torrid wave continued today, thermometers registering temperatures well above ninety degrees during the middle of the day. Rain, it is believed, would not only bring relief from the excessive heat, but would also be a great boon to farmers, who find that work in the fields is very difficult, due to the

fact that the ground is hard and baked.

"As in the greatest cities so in his own home town—the U. S. Tire user gets fresh, live tires of current production."

THE U. S. CHAIN TREAD

One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire.

The U. S. Chain Tread gives sufficient traction on all ordinary road surfaces. It is probably the handsomest, and by all odds the most popular, of the whole U. S. Fabric Tire line.

Economy rides on U.S. Tires—

If you could get together all the car owners you know, you'd probably find that their tire experiences had been much the same.

Most of them have taken their fling at "job lots," "discontinued lines" and "surplus stocks." Soon or late, nearly all settled back on quality first as the one sound assurance of tire value.

As soon as a man forgets the cut-price tag, and comes to the dealer who concentrates on a full, completely sized stock of U. S. Tires—he learns what it means to get fresh, live tires—not once in a while but every time.

Not merely in the big cities, but in his own home town.

Not merely for the heavy car, but for the medium and light-weight car—a full selection of size, tread and type.

Your U. S. Tire dealer can give you this service because of the service he gets from his neighboring U. S. Factory Branch. There are 92 of these Branches. Each gets its share of U. S. Tires, so that the dealer is always supplied with fresh, live stock.

U. S. Tires sell as fast as they are made.

There is no over production. No surplus piled up waiting for a "market."

Wherever you buy a U. S. Tire—you buy a tire of current production, as full of life and value as the day it left the makers.
